USAC/ERATE 471 Multi Year Filing Appeal

October 8, 2018

To Whom it may Concern:

In 2016, Stargate Charter school entered a multi year contract for Erate Eligible Category one services. At that time, a 471 filing was completed for year 2016, However, we mistakenly did not file the 471 required for the remaing 2 years of 2017 and 2018. We are requesting an appeal to file those required 471 forms to obtain the intended discounts for those 2 years.

Please review the documents and consider our appeal so we may file 471 and obtain the needed discounts for our school.

We are looking forward to hearing from you soon.

Yours sincerely,

Dale F. Briggs (Technology Administration)
